THE NATIONAL BUSINESS CHALLENGE RELAY OFFERS YOU A SPORTING CHANCE

The Business Challenge Relay is first and foremost a team event, developed to promote fitness and camaraderie outside the strenuous business environment.

The event is open to full time employees of corporations, government departments, private companies or any other employment organization where people work together.

Accept the Challenge:

- It is organized to foster company involvement and teamwork in the best spirit of competition. All participants are
 encouraged to wear their company t-shirt and rally non-running co-workers to the race site to cheer their team[s]
 to victory.
- The event allows organisations to:
 - · Challenge other organisations [in the same or different regions across the country]
 - Challenge branches or departments of the same organisation

A team event reiterates the power of teamwork and what can be achieved when people come together and share the work. The passing of the race baton from one team member to another encourages team spirit and camaraderie among participants to assist each other through the race.
